Medicaid Waiver Providers In Hawaii

*12th Edition
April 2012*

Promoting Lifelong Health & Wellness

Introduction

Medicaid is a program designed to help states meet the cost of necessary health care for low-income and medically needy populations. Under Section 1915c of the Social Security Act, states may request waivers of certain Federal requirements in order to develop community-based services funded by Medicaid.

Individuals within the Department of Health, Developmental Disabilities system who are Medicaid eligible, can apply for these Medicaid funded services. Needs and supports are identified through a person-centered planning process with case managers who coordinate and assist individuals in accessing these services from qualified and approved providers.

This booklet contains information about the various providers of Medicaid waiver services in Hawaii. It was designed to be a resource to assist consumers, their family members, and/or guardians in accessing and selecting an agency that best meets their needs.

Possible questions you may want to ask agencies have also been included to assist you in choosing the right provider of services. Please take the time to contact and/or meet with them to discuss the services they have to offer you.

This booklet presents a listing of agencies that provide Medicaid waiver services in Hawaii. The listing in this booklet was compiled for informational purposes only and is not intended to be an endorsement by the Department of Health.

After you have identified what you want and need, here are some questions you may want to ask the agencies.

- "What activities/services do you offer that will meet my needs?"
Give examples of what you want.
- "Do I get to select/choose the type of activity that I would like to do?" What are some of your fun activities?"
- "Do you provide activities such as art, music, computers, dancing, exercise, gardening, swimming, camping?" Write down other activities they offer that are not listed.
- "Is each person's activities individualized to meet what is important to the individual?"
- "What are your hours of operation? Do you have services on the weekends and holidays? What time does the program begin and end each day?"
- "What happens if my worker can't come to support me. Will you call me ahead of time? Will you send another person to take his/her place? What do you do so that the substitute person is familiar with me?"
- "If I have an emergency, will you be able to help me?"
- "Do you provide training for your staff? What kind?"
- "Do you do drug screening of your staff?"
- "I'd like to select, or participate in the selection of the person who will support me in the activities I like to do. Can this be done?"
- "May I see your program?" Talk to the program coordinator or staff and participants about the program activities.
- "Where are you located? Do you have a program near me?" (Tell them your address.)
- "I'd like to visit. Whom do I call to set up an appointment?"

*To help you discuss services with the agencies,
here is a description of waiver services.*

Adult Day Health aka 'ADH'

Adult Day Health (ADH) services are full day (6 hours) or half day (3 to 6 hours) in a group setting to help individuals become more independent and involved in the community. Services may include activities such as skill development, pre-vocational training, and community exploration. Transportation to and from the ADH center, to the community during ADH time, and lunch are included as part of ADH.

Chore

Services needed to maintain the home in a clean, sanitary and safe environment. These services are provided only to PARTICIPANTS living independently or with family, and only when the PARTICIPANT, anyone else providing for him/her, other relatives, caregiver, landlord, community/volunteer agency, or third party payer is not capable or responsible for providing these services.

Emergency Outreach

Immediate on-site support for situations in which the PARTICIPANT'S presence in his/her home or program is at risk due to the display of challenging behaviors that occur with intensity, duration, and frequency that endangers his or her safety or the safety of others or results in the destruction of property.

Emergency Respite

Emergency out-of home placement for PARTICIPANTS over the age of eighteen (18) years with potential for danger to self or others and their significant support systems due to the PARTICIPANT'S challenging behaviors.

Emergency Shelter

Emergency out-of-home placement of PARTICIPANTS in need of intensive intervention in order to avoid institutionalization or more restrictive placement and for return to the current or a new living situation once stable.

Employment Services

Services include Pre-Vocational, Individual Employment Supports, and Group Employment Supports. The intent of these services is to assist PARTICIPANTS to prepare, obtain, and sustain paid employment at or above the State's minimum wage.

Serves Oahu only

Non-Medical Transportation

This service enables PARTICIPANTS living independently or in family homes to gain access to waiver services only in areas (i.e. rural) where public transportation is limited or non-existent, and to gain access to non-waiver community services, activities, and resources as specified in the Individualized Service Plan (ISP). Transportation for medical service is not included.

Personal Assistance/Habilitation aka 'PAB'

A range of assistance or training to enable PARTICIPANTS to acquire, retain, or improve in skills related to living in the community. This may include adaptive skill development, assistance with activities of daily living, community inclusion, transportation, social and leisure skill development. Services may include assistance or training to meet outcomes/goals of increasing independence, developing natural supports, developing relationships, contributing through employment, volunteering and engaging/participating in other activities in the community.

Personal Emergency Response System aka 'PERS'

PERS is an electronic device that enables PARTICIPANTS to secure help in an emergency. The PARTICIPANT may also wear a portable "help" button to allow for mobility.

Respite

Services provided on a short-term basis for PARTICIPANTS living in family homes to relieve the person normally providing the care. Respite may be furnished in various locations.

Skilled Nursing

Services within the scope of the State's Nurse Practice Act, provided by a registered professional nurse, or licensed practical nurse under the supervision of a registered nurse, licensed to practice in the State of Hawaii.

Training and Consultation

Services for individuals who provide support, training, or supervision to PARTICIPANTS. Training includes instruction about treatment regimens and other services included in the ISP, use of equipment specified in the service plan, and included updates as necessary to safely maintain the PARTICIPANT at home.

Lifeline Hawaii Services

Personal Emergency Response System

With a Lifeline medical alarm, help is always just a press of a button away. For 30 years, we’ve enabled thousands of people here in Hawaii to live with greater confidence, peace of mind and dignity in their own homes — all for little more than a dollar a day. No wonder Lifeline’s personal response service is the trusted choice of hospitals, professional caregivers . . . families like yours throughout Hawaii.

We’re here for you . . . 24 hours a day/365 days a year.
